Willing to Relocate: Anywhere

Authorized to work in the US for any employer

Summary

Motivated Full Stack Developer with over 4 years of experience in developing and deploying websites and applications for various industries, including the restaurant, Health, transportation, and television industries. Skilled in using TypeScript, React, MongoDB, and Node to build dynamic and engaging solutions. Committed to delivering high-quality work and continuously improving technical knowledge.

Work Experience

Full Stack Developer

Healthy Baby Nutrition - Oxnard, CA

Dec 2022 - Jul 2023

- Created an inventory management system that works alongside an order ahead system for a local grocery store in downtown Oxnard.

Full Stack Developer

Exclusive Logistics LLC - Los Angeles, CA

April 2022 - Dec 2022

- Automating the work of uploading image receipts, requesting access between different ports, and creating invoices with a React-Native application and Next.js website.
- Used TypeScript and Node.js for the backend.

Lead Programmer

Nikx Techlab - Querétaro, Mexico

November 2021 - April 2022

- Created a website application for hosting over 100 restaurants' menus.
- Provided restaurant owners with the ability to create, add, update, hide, and delete products within the platform.
- Led a team from start to finish, utilizing continuous integration to ensure seamless delivery of the project.
- Featured in a restaurant convention in Querétaro.

Full Stack Developer

ActivAR - Los Angeles, CA

July 2020 - March 2021

- Developed an AR application (ActivAR TV) using C# in the Unity engine to be played alongside the Mexican TV show El Domo del Dinero (Telemundo).
- Reached over 30,000 users at the peak of the show.
- Utilized Azure's PlayFab for backend handling.

Education

High School Diploma

Artesia High School - Los Angeles, CA

August 2016 - June 2020
